PROFESSIONAL SUMMARY

IT professional with 16+ years of hands-on experience in Apple/Mac infrastructure, endpoint management, and enterprise IT operations. Certified in Cloud Computing & DevOps (Intellipaat) with practical project experience in AWS, Terraform, Docker, Kubernetes, and Jenkins CI/CD pipelines. Strong foundation in team leadership, JAMF-based device management, system automation, and IT policy implementation across multi-platform environments. Now seeking a Systems/Infrastructure Engineer or Cloud Support role where I can bridge deep operational expertise with growing cloud and DevOps skills — and build towards a senior engineering career.

CORE COMPETENCIES

Cloud & IaC	AWS (EC2, IAM, VPC, RDS, Lambda, Fargate, S3, CloudFront, CloudWatch, SQS, SES) · Terraform · CloudFormation
CI/CD & Automation	Jenkins · GitHub Actions · Ansible · Bash · Shell Scripting · Python
Containers & Orchestration	Docker · Kubernetes (K8s) · AWS Fargate
Version Control	Git · GitHub — branching strategies, webhooks, repository governance
Operating Systems	Linux (admin, automation) · macOS (ACMT-certified support & deployment)
IT Leadership	Team leadership · Escalation management · SLA ownership · Training & mentoring · ITSM

PROFESSIONAL EXPERIENCE

Technical Assistant — Mac Labs & IT Infrastructure · [Bennett University](#) *March 2022 – Present*

- Administer and maintain multiple Mac and Windows computer labs serving 5,000+ faculty and students across campus.
- Deploy and manage Apple devices at scale using JAMF Pro and Microsoft Intune — including enrolment, policy configuration, and app distribution via Apple Business Manager.
- Automated system configuration, patch management, and software deployment using Bash scripting, reducing manual effort significantly.
- Implement and enforce IT security policies, backup strategies, and network access controls across lab infrastructure.
- Primary escalation point for complex hardware and software issues; manage vendor relationships and hardware asset lifecycle.
- Mentored junior IT staff and produced SOPs and knowledge-base documentation adopted across the IT department.

Technical Head — Apple Device Support · [Anything Mac \(P\) Ltd — Apple](#)
[Authorised Service Center](#)

March 2010 – July 2022

- Led a team of 8+ service engineers delivering Apple device diagnostics, repairs, and customer support to enterprise and individual clients.
- Maintained Apple-certified service standards as an ACMT/ACSP-certified technician; achieved consistently high customer satisfaction scores.
- Conducted structured technical training for new engineers on Apple hardware repair, software troubleshooting, and service workflows.
- Streamlined workshop IT infrastructure and introduced automation to reduce average device turnaround time.
- Handled enterprise client accounts, SLA negotiations, and escalation resolution for institutional customers.

DEVOPS PROJECTS & HANDS-ON ENGINEERING

CI/CD Pipeline — Jenkins, Docker & AWS EC2

- Architected an end-to-end Jenkins pipeline (build → test → deploy) triggered by GitHub Webhooks on every commit.
- Containerised applications with Docker and deployed to AWS EC2; reduced deployment time by ~70%.
- Configured parameterised pipeline stages with rollback capability, enabling zero-downtime deployments.

AWS Infrastructure Automation — Terraform & CloudWatch

- Provisioned a production-grade AWS VPC with public/private subnets, NAT gateway, security groups, and route tables using Terraform modules.
- Automated deployment of EC2, RDS (multi-AZ), and S3 resources; state managed remotely in S3 + DynamoDB lock.
- Implemented CloudWatch dashboards and SNS alerting for proactive infrastructure monitoring.

CERTIFICATIONS

Earned

- Advanced Certification in Cloud Computing & DevOps — Intellipaat
- ACMT (Apple Certified Mac Technician)
- ACSP (Apple Certified Support Professional)
- ACIT (Apple Certified iOS Technician)
- JAMF 100 — JAMF Certified Associate
- JCHNP — Jetking Certified Hardware & Networking Professional

In Progress / Planned

- AWS Certified Solutions Architect – Associate (in preparation)
- Pursuing M A- (From - IGNOU)

EDUCATION

Bachelor of Arts · University of Delhi
